

A requirements-oracle mismatch: numbers_to_words

Supplied requirement

Reject out-of-range numbers.

Error message includes:

"must be in 0..9999"

Exception type unspecified.

Self-testing pipeline

Self-authored test:

```
pytest.raises(Exception)
```

Generated code:

```
raise Exception(...)
```

Self-verdict: accept

Held-out oracle

Oracle range test:

```
pytest.raises(ValueError)
```

Adds a specific exception type.

20 / 22 oracle tests pass

Oracle-relative false accept

The recorded disagreement does not establish that the code violates the supplied requirement.
